# EXPANDING THE REACH VICTORY CHURCHES PHILIPPINES

In March, Pastor Marcia Smith, VCC Missions Director, and Dr. Victoria Gbinigie, a member of the missions committee, traveled to the Philippines to strengthen international partnerships and support ongoing mission efforts. Under the leadership of Bishop Rich and Pastor Ning Conte, Victory Churches in the Philippines has successfully planted 37 churches over the past four decades. In addition, their thriving Bible College continues to equip and release new leaders into ministry.

Pastor Ning and her dedicated team also oversee The Samuel Victory Foundation, a remarkable outreach initiative serving the most vulnerable children in the community. This ministry shares the Gospel of Christ while providing essential support to families in need. Currently, the foundation cares for 60 children, offering them food and other vital assistance.

Thanks to the leadership of Dr. Hazel Hill, VCI Missions partnered in the purchase of a facility for The Samuel Victory Foundation. The VCC Missions Committee is pleased to further its commitment to this ministry by sponsoring an additional 40 children, bringing the total number of children impacted by the program to 100.

We warmly invite you to consider participating in a short-term mission trip, where you can experience the transformative work being done and contribute to this meaningful cause.
