

MISSION AFRICA!

Together, We Reach The Nations

Monthly Missions Update – Sept. 2026

MISSION AFRICA!

Together, We Reach The Nations

The journey began in Nairobi with the Africa Conference, where national leaders from across the continent gathered to connect, worship, hear the Word, and encourage one another. A Canadian mission team and US mission team joined the African leaders in Kenya for a meaningful time of fellowship and to strengthen the unity of the Victory family around the world.

Following the conference, the teams traveled to Kisumu, where they visited the Victory Children's Home. From Kisumu, they continued to Kisii, where they conducted five days of teaching at the Victory Bible College. Pastors and ministry leaders participated in intensive, all-day training, which concluded with a graduation for nearly 50 students!

Team members spoke of being blessed, experiencing the presence of God, and having their hearts changed through what they experienced in Kenya. Bishop Julius Kibera, Victory Churches International's Kenya overseer, was so please with the results of the conference and expressed how much it meant to have the opportunity to bring African leaders together to strengthen connections across the continent. Many on the team expressed that joining a mission trip like will transform you, and we couldn't agree more! We want to encourage everyone to take a mission trip at least once in your life.

This mission was made possible through the prayers, generosity, and support of the Victory family. As Pastor Dave shared, "We just couldn't do this stuff if it wasn't for you." Every prayer, donation, and act of support helps create opportunities to strengthen churches, equip leaders, care for children, and advance the Gospel. This mission to Kenya is another testimony of what God can accomplish when we work together to reach the nations.
